Anabyn Global Ventures LLP is a trusted supplier of **premium bed linen and bath linen** solutions for hotels, resorts, hospitals, serviced apartments, spas, and institutional buyers across **EU, UK, Africa, and Middle East (GCC)** markets.

Rooted in India's rich textile heritage and supported by export-focused manufacturing partners, we deliver **durable, comfortable, and aesthetically refined linens** designed for high-frequency commercial use. Every product is developed with a focus on fabric performance, consistency, hygiene, and long-term value, making Anabyn a dependable partner for global hospitality and institutional supply chains.

Our bed and bath linen collections are engineered to withstand **industrial laundering**, maintain color and softness over repeated use, and meet international expectations for **quality, safety, and finish**.

Compliance & Certifications – Bed & Bath Linen

Certified Manufacturing

Produced in certified facilities with stringent quality management systems covering sourcing, production, inspection, and packing.

REACH Compliance

Materials and dyes comply with EU REACH regulations, ensuring chemical safety and environmental responsibility.

International Export Compliance

Products conform to global export norms, including labeling, packaging, and documentation requirements for EU, UK, Africa, and GCC markets.

Commercial Laundering Standards

Designed for high-temperature washing, bleaching tolerance (where required), and long lifecycle performance in hotel and hospital laundry environments.

ANABYN BRAND STORY: FROM COTTON TO CUSTOMER

Responsible Cotton Origins

India’s Cotton Production Snapshot

- ~24% of global cotton output—The largest shares in the world.
- Raw cotton from India tends to be **affordable and competitively priced** for global manufacturers, aiding cost-effective production

Precision Fiber Preparation

At ANABYN reflects our commitment to excellence from the very first stage of production. We carefully select premium cotton and yarn, ensuring uniformity, strength, and purity before processing. Through advanced preparation techniques and strict quality controls, every fiber is refined to deliver superior softness, durability, and consistency- forming the foundation of our world-class bed and bath linens for global markets.

Yarn Engineering Excellence

Better quality, every time: Anabyn’s cotton yarn is smooth, strong, and evenly spun, giving cleaner fabric and fewer breaks than competitors.

Built for global brands: With modern mills and strict quality control, Anabyn delivers consistent export-ready yarn that competitors struggle to match.

Masterful Fabric Creation

Better quality at scale: Anabyn uses advanced weaving machines to produce smooth, strong, and uniform fabrics, giving consistent luxury quality that many competitors struggle to deliver.

Full control, reliable supply: With in-house weaving from fiber to fabric, Anabyn ensures strict quality control, faster production, and dependable delivery for global customers.

Advanced Processing & Finishing

Softer, cleaner fabric: Anabyn uses advanced finishing and softening processes to deliver brighter, smoother, and purer cotton fabrics that feel better than many competitors.

Premium finish, export-ready: Controlled processing ensures long-lasting softness and consistent quality, meeting high global standards that competitors often fail to maintain at scale.

Thoughtful Product Crafting

Tailored linens designed to match each client's exact specifications—size, GSM, finish, and branding.

Anabyn seamlessly **integrates** your identity into every product, creating textiles that feel truly yours.

Rigorous Quality Assurance

Every Anabyn **shipment** is independently **tested and certified**—ensuring consistent quality, performance, and global compliance.

Independent third-party agencies test and certify our products to ensure **compliance** with **international quality** and safety standards.

Customization & Brand Integration

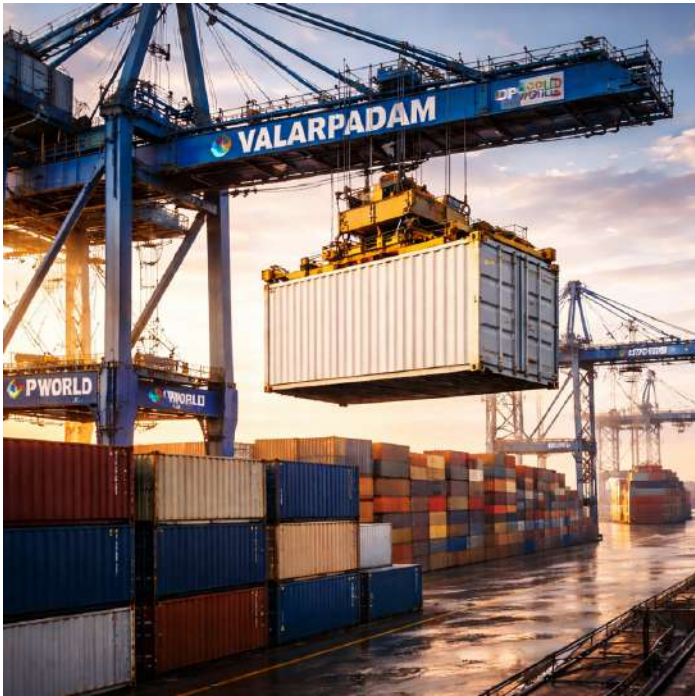

Tailored linens designed to match each client's exact specifications—size, GSM, finish, and branding.

Export-Ready Packaging & Compliance

Every order is packed to international export standards, ensuring safety, hygiene, and presentation.

Complete, accurate documentation enables smooth customs clearance across global markets

Global Logistics & Delivery

Reliable shipping through optimized ocean and air freight networks worldwide.

Anabyn ensures on-time, damage-free delivery—connecting Indian craftsmanship to global destinations.

Hospitality in Action

Premium linens crafted to elevate guest comfort in real-world hotel environments.

Designed for daily use, repeated laundering, and consistent luxury performance.

Long-Term Partnership & Support

More than a supplier—Anabyn is a long-term export partner built on transparency and reliability.

We grow with our clients through consistent quality, communication, and repeat value.
